WAREHOUSING, STORAGE & DISTRIBUTION

As part of your programme, we will:

- Create you a tailored and individual learning plan
- Provide one-to-one mentoring from a dedicated member of the Bragd team
- Offer a blended learning approach which can include virtual or face-to-face workshops, guided learning and 24/7 access to our e-portfolio system
- Use trainers and assessors who are from the real world. They've been there, done that and got the t-shirt.

With the development of technology & automation, logistics is very competitive industry. Our apprenticeship will give you the hands-on skills you need to help you and your company excel in this dynamic marketplace.

SCQF LEVEL 6

Directed learning, 1-2-1 virtual sessions and on-the-job tasks and activities develop real world skills - all supported by our logistics mentors.

12 MONTHS

This qualification usually takes around 12 months to complete including certification by SQA.

8 MODULES

Eight knowledge and performance modules specifically selected to meet each individual candidates needs and wants ensuring a fit-for-purpose programme for everyone.

Call Bragd now on 01383 630 444 or visit www.bragd.co.uk for more information.

Bragd

The Art of Apprenticeships

This apprenticeship is aimed at younger people, in particular, and designed to address skills requirements in this fast paced and evolving industry.

You will develop the ability and confidence you need to competently handle the wide range of tasks associated associated with efficient logistics operations and your own job role, whether you're in a hands on or supervisory position.

MORE INFORMATION

This apprenticeship at SCQF Level 6 is suitable for anyone in a supervisory role, or those who may have some management responsibility but no formal training.

It involves being able to perform certain skills and demonstrate knowledge and understanding in a range of varied work functions to ensure that materials and products arrive at the right place, in the right condition, and on time.

YOU WILL COMPLETE

1. Eight bite-sized modules teaching theory and practical applications through a combination of online learning and virtual or practical classroom workshops.
2. A range of work-based learning and project activities to give you the opportunity to put into practice the knowledge and skills you've learned in a 'tried and tested', practical way
3. A portfolio showcasing how you've implemented and demonstrated the skills you've learnt in real work activities
4. Activities specially designed to achieve the five core skills needed to acquire funding in Scotland.

These core skills are working with others, problem-solving, numeracy, communication and ICT.
